

BASIC TECHNOLOGY SCHEME J.S.3

| SN | TOPICS | CONTENT |
|----|----------------------|--|
| 1 | Introduction to | Construction of plane shapes and blocks(|
| | isometric | mechanical structures) |
| | drawing(projection) | |
| 2 | Oblique drawing | Construction of objects (machines) |
| 3 | Orthographic | 1 st angle projection and 3rd angle |
| | projections(drawing) | projection(side view, front view and |
| | | plane) |
| 4 | Perspective drawing | Construction of blocks. |
| 5 | Simple mechanism | Motion in mechanism (linear motion and |
| | | rotary motion), clutches, brakes and |
| | | ratchets. |
| 6 | Building technology | Floors, doors, windows, roofs and other |
| | (2) | components of the building. |
| 7 | Building maintenance | Internal and external. |
| 8 | Mechanical fittings | Explanations, nails, screws, hinges and |
| | | locks. |
| 9 | Domestic sources of | The plumbing of domestic pipe system, |
| | water supply. | the sewage disposal, soak away pit, |
| | | periodic maintenance records and fault |
| | | dictation. |
